My wife suffered a stroke 7 days ago, she has constant headaches since. The pain killers prescribed barely take the edge off the pain. I saw on this site someone mentioned rubbing Tiger Balm gently onto the sore spots on the head.

Headaches Following Stroke - The Daily Headache

A stroke is a medical condition in which poor blood flow to the brain results in cell death. There are two main types of stroke: ischemic, due to lack of blood flow, and hemorrhagic, due to bleeding. Both result in parts of the brain not functioning properly. Signs and symptoms of a stroke may include an inability to move or feel on one side of ...
